HomeLife, Inc. Announces Opening of New Residence

Kalamazoo, MI: HomeLife, Inc. of Kalamazoo, with an office in Battle Creek, has announced the opening of its seventh specialized residential home in Southwest Michigan.

HomeLife founder Barry Bruns announced today that the organization has been granted approval of its AFC License for a program and residence at 6595 Ravine Road, Kalamazoo, Michigan 49009. With the approval, HomeLife staff will immediately begin accepting referrals for this new facility.

HomeLife provides specialized residential care to adults 18 and older who need assistance due to brain injury, neurological impairment or mental illness.

“This program meets a need for individuals using wheelchairs for mobility, and has six single bedrooms, 3 bathrooms, and a spacious living area in a ranch style home,” Christ said. “Customers have been asking for this type of environment and we are pleased we can now offer them this much needed option.”

Bruns and co-founder Scott Christ established HomeLife, Inc. in 1996 with a vision to provide care to individuals with disabilities, and those struggling with the long-term effects of injury and illness. Today HomeLife’s seven Kalamazoo area programs each provide stable and optimal care that dignifies their clients as individuals while meeting their unique challenges.

The latest six-bedroom residential addition is located on the Northwest side of Kalamazoo in the Alamo Township area. For more information, contact Scott Christ at (269) 373-5919, call 888 825-5466, or visit www.talkhome.net
